HONOUR ROLLS
and
MEMORIALS IN METAL

Through the years, metals have been employed to permanently record the names of those who gave their services to the needs of their country in wartime. For Bronze, Brass, Copper and Aluminium can be fashioned faithfully—stamped, pressed, cast, engraved and etched—to reproduce the designer's conceptions of dignity and beauty; they lend themselves to a variety of surface finishes, including polished, plated, oxidised, patina and satin textures, and, in the case of Bronze, to colourful vitreous enamel enrichment.

Whilst WUNDERLICH HONOUR ROLLS are available in standard designs, as illustrated on pages 3 and 4, Wunderlich designers and craftsmen in metal excel in the production of HONOUR ROLLS and MEMORIALS of special design to suit individual requirements.

Inquiries are invited.

WUNDERLICH LIMITED
